

## B-New Brick Cleaner

Revised 12/2024

### PRODUCT DESCRIPTION

B-New brick cleaner is formulated to remove excess mortar and concrete from brick, stone, or stucco by softening the material. It may also be used on tile, glass, Formica, and plastic surfaces to remove mineral soil stains.

### RECOMMENDED USES

- Suitable for all conventional brick, stone, or stucco
- Used to remove excess mortar or concrete from brick, stone, stucco, or concrete forms
- May be used on tile, glass, Formica, and plastic

### PRODUCT SPECIFICATIONS

<b>Appearance</b>	Clear to slightly hazy, mild sweet odor
<b>pH</b>	2.2-2.6
<b>Specific Gravity</b>	0.8910
<b>Flash Point</b>	N/A
<b>Shelf Life</b>	5 years in sealed manufacturer's container

### APPLICATION

- Apply B-New as is. No dilution necessary.
- May be applied using a hand-sprayer. May also be applied using a brush or roller.
- Allow the application to sit undisturbed for 10-15 minutes
- After 10-15 minutes, rinse free with water.
- May need to use a scraping tool or towel to free up stubborn excess mortar material.

### CAUTION/LIMITATIONS

- Do not dilute B-New.
- Do not over-apply to cause pooling, splashing, or wasted material

### SURFACE PREPARATION

There is no special surface preparation required. B-New should be a two-step application, sprayed directly to the excess material needing removal, and rinsed or wiped clean. May wipe or brush clear loose or excess material before applying B-New, as desired.

### SAFETY/HANDLING

- Personal Protective Equipment (PPE) such as goggles, gloves and impervious clothing are recommended.
- First Aid: Refer to the Safety Data Sheet for first aid measures. Avoid inhalation and ingestion. If exposed to skin, wash with soap and water. If exposed to eyes, flush eyes immediately.

### STORAGE

Store in the manufacturer's sealed container. Store in a dry, temperature-controlled environment that is well-ventilated. Do not store outside. Do not expose to high heat or freezing temperatures. To use stored product, mix for at least 30 minutes at ambient indoor temperature before application.

### DISPOSAL/CLEANING

- Reactivity with water: none
- Disposal methods: Dispose of this material by incineration or by a licensed waste disposal company. Contaminated absorbent material may be disposed of in an approved landfill. Follow all local, state and Federal disposal regulations.
- Avoid contact with strong acids, strong bases and oxidizing agents. Avoid heat or an open flame.
- In Case of Spill: Floors may become slippery. Use protective equipment. Contain liquid spills using a barrier or absorb using inert material. Scoop or shovel absorbed material into containers. Wash area with soap and water.
